Flag: Follow up

Thanks, the videos are excellent. I've forwarded to John and Carol.

Subject: Map of ORR and a couple of videos DOE has sent us

Attached is a revised map marking Bear Creek and the flow direction. I'm still trying to get a Google Earth type map from DOE, but this one covers all the areas we discussed.

This is the video DOE sent us last year showing the V-weir and the Bear Creek watershed:

https://www.youtube.com/watch?v=qzztTRhvSZw

This is a video that DOE put out last September talking about all of OREM projects but the landfills starts just past the 21 minute spot in the in video.
